

Totally Control Your Presentation

3-in-1 Omni-Directional Wireless Presenter

Raytac's 3-in-1 Omni-Direction

Wireless Presenter combines the features of the presentation controller, wireless mouse and laser pointer into one ergonomic device. With Raytac's 3-in-1 Omni-Directional Wireless Presenter, you don't need to stand beside your notebook PC or have an additional person to assist you, nor do you need to aim at the receiver of the remote control.

Excellent 2.4 GHz RF technologies enable the user to control the presentation wirelessly up to 100 feet (30 meters) away indoors. It is a USB plug-and-play device with no additional software required. The automatic laser beam safety switch provides protection against unintentional laser beam into human eyes.

Feature:

- Making presentation easier and more successful.
- Multi-function design: Wireless mouse, Laser pointer and Presentation remote, 3-in-1.
- USB plug-and-play, no software required.
- Remote Control up to 100 feet (30 meters) indoors.
- Laser beam safety switch.
- Compatible with Windows® 98SE, 2000, Me, XP
Mac® OS 9.1, Mac® OS 10.1 or later

Specifications:

Model name: PS2400
Frequency range: 2400~2483MHz
Remote range: Approx. 100 feet (30 meters) indoors, 328 feet (100 meters) outdoors
Operating voltage: Remote control: 2.4~3.3V, Laser: 2.6V~3.3V
Power: AAA batteries * 2
Very low power consumption: Normal operation <10mA
Laser operation < 20mA
Sleep < 10uA
Output power: Under 1mW
Laser: Semiconductor laser($\lambda = 650 \text{ nm}$), emission duration: continuous
Laser output power: Max.0.95 μW
Note: Design and specifications are subject to change without notice.
Warranty: One year
